

# ArchitectsPlus

## Project Manager

ArchitectsPlus is a regional design firm seeking an Architect with advanced architectural experience. We are looking for a dynamic team player who demonstrates a positive attitude and creative design solutions. We are seeking a candidate who is motivated to consistently exceed client expectations. Employees will find the opportunity for growth and professional advancement in a dynamic and collaborative culture.

We are seeking a proven leader who wants our clients to feel that working with us is an enjoyable experience, promises to own the problems and is committed to being a superior communicator. If this is you and you can enthusiastically strive for exceptional client centered service, we would like to talk.

### Qualified candidates must possess:

- 10+ years' experience
- Proficient in AutoCAD
- Revit proficiency preferred
- Bachelors of Architecture Degree
- Registered Architect
- Strong design skills
- Strong presentation skills
- Experience leading multidisciplinary teams
- Experience building, nurturing and managing client relationships
- Senior Living, Hospitality and/or Retail experience preferred

### Job responsibilities include:

- Taking projects from concept through construction administration
- Technical coordination of projects
- Document coordination, design detailing
- Conducting on-site observations, preparing field reports
- Developing and managing the design team, clients, consultants and contractors

If you are the right candidate for this position and would like to talk further about joining our team, email your resume to [kdooley@architectsplus.com](mailto:kdooley@architectsplus.com)
